

Visieren – Erfassen - Digitalisieren

ASE GmbH in Bruchsal, Germany, develops, produces and installs digitalisation, data analytics and surveillance systems for the automation of train and motor vehicle traffic, particularly in combined transport at ports, railway stations and logistics centres with a focus on the European market (“Logistics 4.0”).

Our many years of experience in intelligent image processing are also applied when planning projects for video surveillance systems for process and systems technology and can be used in different industries.

We are part of a group of companies with over 100 companies in the network and a diverse portfolio. Join our team – we can offer you a wide range of opportunities for personal and professional development.

For a long-term position in our team at our **Bruchsal** location, we are looking for an

Electrician / Electrical Technician / Service Technician (f/m/x)

Your tasks:

- You will accompany challenging projects in the field of video surveillance systems and security technology for private, public and commercial customers and support project management in designing and carrying out different projects.
- You will be responsible for pre-configuring modules and electrical cabinets, as well as in-house electronic transmission components.
- You will carry out assembly, installation and commissioning at the customers' premises.
- You will be responsible for ensuring that our systems are functioning in the long-term through regular maintenance and service visits as well as troubleshooting.

Your profile:

- You have completed vocational training as an electrical technician for energy and building technology or for IT and systems technology or as a mechatronics technician or a comparable training.
- You have several years of professional experience, ideally in the installation, maintenance and servicing of video and communication systems.
- You stand out thanks to your careful, structured and independent work.
- You also have PC and network skills.
- You are fluent in German to a business level and ideally also have knowledge of English.
- You have a class B driving licence and are willing to travel for work (occasionally).

You excel in quality-conscious, careful and independent work, you are a team player and you have a friendly appearance and a confident manner? Then you're a perfect fit for our committed team of supportive colleagues with its wealth of development opportunities.

You can look forward to exciting and varied tasks. In addition to an attractive salary, you can also enjoy flexible working hours that offer you enough flexibility to maintain a good work-life balance.

Have we caught your interest? Then send us your complete application documents by email to Mr Thomas Harder, stating your earliest starting date and your salary expectations.
